

FVG Multi-Function-Net Anti-Freeze-Net

Product Description	UV-guarantee, 5 years Middle Europe	
Colour	natural	Material: HDPE
Weight	38 gr / sqm	
Mashes	350 / m	
Shading effect	approx. 14%	
Air permeability	approx. 33%	
Light transmission	approx. 80%	
Flammability	340°C	
Tensile strength	weft: 270,34N	warp: 136,35N
Elongation at break	weft: 50,57%	warp: 26,39%
Dimensions	6 m / 8 m x 200 m	12 m / 16 m x 100 m

FVG warrants that this product conforms to its specifications. The test results are being provided based on current production. Products warranty is based on FVG Warranty terms for greenhouse film and installation /handling guidelines. Buyer is responsible to verify the suitability of the product for his particular use. The amount of any claim against FVG and FVG's liability relative to the product's properties or performance, shall in no event exceed the purchase value of the product. In no event shall FVG be liable for loss of profit or special, indirect or consequential damages. Since the mechanism of action of the anti-dripping and anti-fogging effect as well as the reduction of insects and petal blackening are complicated and depend on many parameters that are out of control (climatic conditions, greenhouse type, crop, pollination method etc.), no warranty is given regarding the duration or effectiveness of these functions and we do not undertake liability for any damage relevant to those functions.
